

Labs open call

List of questions

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 101006203.

Document description

The purpose of this document is to assist you in preparing to apply for the Labs Open Call (<https://shemakes.eu/labs-call>) by making the questions you'll have to fill out through an online form available in advance in this document.

Lab Name

Short description of your lab

Postal address, country, date of establishment, various contact info

2 → Lab Typology

2a → Are you defined as

Description (optional)

Choose as many as you like

A Fab Lab

B Textile Lab

C Research Institute

D University /High Education Centre

E Cultural and artistic centres

F Association

G Co-working space

H Incubator/Accelerator

2 → Lab Typology

2b → How is your lab sustained?

Let us know what is the funding scheme of your more than one)

Choose as many as you like

A Private Funding

B Public (local and national) funding

C Public (internation) funding

D Commercial Services

E Self-funding

F Other

2 → Lab Typology

2c → Have you received any regional/international fund in the past?

Let us know what is the funding scheme of your lab. (you can choose more than one)

Y Yes

N No

2 → Lab Typology

“ Staff gender

Please specify how many staff of each gender make up your lab
(Ideally the total number - if not in percentage)

Continue

press Enter ↵

Answers may be female, male, non-binary

3 → Infrastructure and network

This section will help us understand better what type of activities your lab can hold. Please describe the equipment available to you.

3a → What type of spaces do you have access to ?

Description (optional)

Choose as many as you like

A Space for meetings/workshops off-line

B Equipment for online and distributed meetings/workshops

C Space with (digital) fabrication machines

D Co-working space open for visitors

E Other

[Add choice](#)

3 → Infrastructure and network

3b → How many people can you accomodate for workshops?*

Description (optional)

Type your answer here...

3 → Infrastructure and network

3c → What type of machines do you access/own?*

Description (optional)

Choose as many as you like

A Digital Fabrication machines

B Textile machines

C Biomaterial equipment ✕

D Other

[Add choice](#)

	3D printer	laser cutter	cnc milling machine	electronics design and production	
Digital Fabrication equipment	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
	sewing machine	weaving machine	knitting machine	spinning machine	
Textile equipment	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
	Incubator	Sink	Oven	Crusher	Storage equipment
Biolab equipment	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

3h → Are you part of any existing network?*

Description (optional)

Y Yes

N No

4 → Knowledge and Experience

4a → Does the lab have an experienced set of skills or knowledge in..?*

Description (optional)

Choose as many as you like

A Digital fabrication

B Biodesign and/or bio-tech

C Electronics & e-textiles

D Fashion & textile design

E Manufacturing and production

F Traditional crafts

G Entrepreneurship

H Other

4b → Tell us about any experiences of educational, community, or entrepreneurship activities that you are proud of. Feel free to add links. (max 3)*

4c → How do you rate your expertise in workshop facilitation and teaching ?*

4d → What is important to you when organizing a workshop for co-creating and sharing knowledge with your community ?

4e → **About gender and female empowerment***

At shemakes we understand that the lab should create an enabling environment for girls and women to further develop their skills and knowledge as well as the confidence needed to maybe become the future innovators that can re-shape and potentially bridge the gender gap in the T&C sector. Please mention any practices and activities foster shemakes values, gender equality and women empowerment, in your lab and close ecosystem.

5 → Your future action plan for shemakes

If selected, you will receive €15,000 to carry out activities in your lab. The following questions help us understand which type of activities you are interested in running and how you might spend the money if selected.

5 → Your future action plan for shemakes

5a → In shemakes, we are designing new learning experiences and innovation services that Transfer Labs could test and improve during the project. They are briefly described below. Can you rate them according to your interests and motivations? *

1- tpreferred 2

Drag and drop to rank options

- Holding workshops for kids through collaboration with schools and schools or via the development of after school programs(Curiosity Path)
- Holding workshops with students through collaboration with high education centres and associated organizations (Discovery Path)
- Exploring career opportunities for future generations in the textile and clothing sector, through networking events and exchanges among peers and role-models (Innovation Path)
- Engaging with your local community through open to public events, panel discussions, round tables... (Community Engagement)
- Engaging with other labs to share knowledge on wool making, through workshop series (Lab to Lab research)
- Engaging with business through mentoring, accelerating or incubating activities and projects (Business Engagement)

5b → Give us an idea of what activities you might carry out with this funding. Note that this is just a first indication, if selected we'll ask you for further details.*

Description (optional)

5 → Your future action plan for shemakes

5c → Have you received any guidance/contact with any of the 6 following labs? If yes, which one.*

Description (optional)

A FAB LAB LEON

B IAAC - FAB LAB BARCELONA

C makesense

D On'fait

E REDU

F WAAG

G other shemakes partners

H none of those

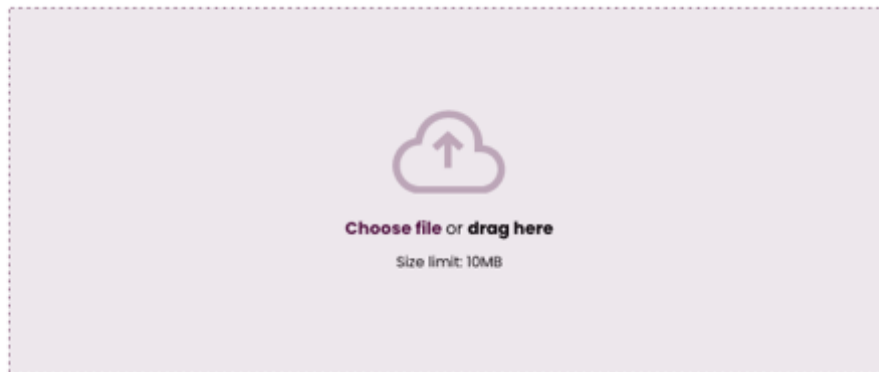

- 6 → Your vision about gender, innovation for textile and clothing sector
 - 6a → How will receiving this grant impact your lab or your community with regards to gender parity.*
 - 6b → Finally, do you have a vision for the future of a sustainable textile and fashion industry? What role do you think labs can play in this? And what will YOUR lab specifically contribute?

7a → Please upload the Declaration of Honour & Financial declaration form here. *

Download a copy of the form here: https://shemakes.eu/sites/default/files/doc/p/files/shemakes_doh-fd.docx_.pdf

The form must be signed by your legal representative, scanned and uploaded to complete your application.
