Textile Prototyping Lab

Smart Stitches

E-Textile / E-Broidery Workshop for Beginners with Tasnim Hussain from Fablab Qatar

Using cross stitching embroidery you will make interactive art pieces using special e-textile fibers and conductive yarns.

Share inspiring thoughts through artistic interactive pieces while learning the basics of soft circuits. Reflecting on this patterning art, the multicolor, and cross stitches symbolizes the beauty of embracing diversity and unity.

The workshop will be held in english.

The workshop is open to everybody interested, but has limited spaces. Please register here:
